ethical business - environmental responsibility - effective service

Companion Trading Pty Ltd offers a national service to corporations, educational institutions, government departments and agencies for the retirement of redundant information technology and telecommunications assets.

Our remarketing program for end of life ICT equipment is to prioritize reuse opportunities which provide a social benefit in Australia.

One of our strategic innovative partnership with a Registered Microsoft Refurbisher remarkets refurbished ICT assets through the national not-for-profit support company **Connecting Up**. This provides a great opportunity for not-for-profit businesses to purchase warranted refurbished computers loaded with a suite of MS software under license from Microsoft at a beneficially low price.

Desktop and laptop computers are reloaded with Windows 10 and MSOffice 2013 and supplied exclusively to Australian and New Zealand not-for-profit organisations at a cost of A\$21 inc GST.

Connecting Up, Inc. is a not-for-profit organisation that works to unleash the power of other not-for-profit organisations through technology and by providing a variety of information, products, resources and programs, to connect the not-for-profit sector to the right tools and capabilities they need to fulfil their mission.

In addition, Connecting Up also helps to develop relationships with business, community and government sectors for the development of the not-for-profit sector.

Connecting Up strives for:

- Effective communities and networks to support the not-for-profit sector
- An efficient, well supported not-for-profit sector
- High quality, innovative products and services
- Integrity and respect for our customers and stakeholders

- Well-trained and supported staff
- High standards of governance and transparency

Connecting Up implement initiatives to better understand the needs and the environment of the not-for-profit sector and ensure their knowledge of the sector remains relevant. This ensures they provide initiatives and services which are consistent with the needs and capacity of the not-for-profit sector.

They provide comprehensive online information about community services, technology and the not-for-profit sector to inform the public and to support not-for-profit organisations.

They provide a variety of options and high-quality products and services through Donation and Discount programs to assist not-for-profit organisations deliver on their mission.

They ensure their staff follow best practice and that Connecting Up remains financially robust to deliver sustainable value in the future.

Volunteer Program

Connecting Up has a Volunteer Program to engage volunteers to assist in various aspects of Connecting Up operations.

Volunteers may assist in areas including data collection, updating critical information and other tasks relating to events, marketing and administration.

Volunteers work both on-site or remotely by completing tasks online. Volunteer opportunities can be found via the Volunteering SA & NT website (<http://www.volunteeringsa.org.au/>).
